SWOT Analysis: Exploring Innovation and Creativity within Organizations Innovation and creativity are considered by many businesses to be key components of competitiveness. However, how can organizations ensure that their strategies for promoting innovation and creativity are effective? In this article, we will explore the SWOT (Strengthes, Weaknesses, Opportunities, and Threats) analysis framework for exploring this topic.

Exploring Innovation: The second edition of “Exploring Innovation” offers a contemporary and fresh perspective on innovation as an important driver of economic growth. Written in an accessible style, Exploring Innovation encourages students to challenge their pre-conceived ideas about innovation and to see it as a continuous, on-going process, exploring some of the biggest developments in innovation.
